## FATAL FIRE AT HURLEY

KLONDIKE THEATER BURNS AND FULLY TEN PEOPLE ARE MISSING.

### CANNOT IDENTIFY DEAD

Seven Bodies Are Recovered, but They Are Unrecognizable as Nothing but Portions of Skeletons Remain—The Victims Are All Attaches of the Place—Disaster Caused by the Explosion of an Oil Stove.

Hurley, Wis., Nov. 7.—The Klondike theater, owned by Edward Leclair of this city, caught fire at an early hour while most of the inmates were in bed and the wooden structure was a mass of fire in a flash. Nine men and one woman are missing and there may be others who have lost their lives in the fire. It was only by the heroic efforts of the fire department that the entire town was saved from destruction. The names of the dead are:

C. W. Cleveland, attorney, Hurley, Wis.; Tim Ryan, comedian, Ironwood, Mich.; F. L. Gay, stage manager, St. Louis, Mo.; Thomas Ozzone, property man; Thomas Leclair, bartender; H. H. Clifford, comedian; Harry Raymond, porter; George Benert, pugilist; Clara Bonne, vocalist, and D. B. Emery, musical artist. Five others are injured.

The Klondike theater building was a structure 125 feet long, 3 stories high and 50 feet wide and valued at \$10,000. It was occupied by 25 people, consisting of the Leclair family and a stock company, who give vaudeville entertainment six nights of the week. On the first floor was the auditorium, barroom, gambling rooms, dressing room, kitchen, dining room, stage and proprietor's bed room. On the second floor were the boxes and a number of bed rooms. The third floor was taken up by sleeping apartments.

The fire is thought to have been caused by the explosion of an oil stove in the proprietor's bedroom. An alarm was quickly sounded. Those who heard the cry of danger immediately were few and their exit by way

of the stairway was cut off. The only remaining exit was through the side and front windows. Most of the women crawled out the side windows, dropped to the adjoining buildings and reached the ground in safety with slight injuries.

### Were Forced to Jump.

Some were forced by the flames to jump from the front windows and all those were injured. William McLaughlin, assistant cook, had his night clothes burned from his back while running to the front windows. He leaped through an opening and fell three stories. His body is blistered and his skull fractured. The doctor has little hopes of his recovery. Laura Russell of the musical team of Emery and Russell was thrown from the third story by her partner, D. B. Emery, and fell heavily to the sidewalk, sustaining a broken limb and was badly bruised. Emery is thought to have tried to rescue or alarm his friends, for he did not follow through the window. He lost his life. William Rush, bolt, an Ironwood, Mich., man, jumped from the second story and in his descent was caught by a telephone wire and turned over in the air. He fell upon his face and side and had his limbs broken. His recovery is very uncertain. Tim Ryan was at one time safe outside the building, but returned, it is thought, to save others. He is one of the missing. Clara Bonne, the only woman victim, was warned of the danger, but after starting for safety returned to her room. It is supposed she hoped to secure a portion of her jewelry and wardrobe. She forfeited her life as a consequence. Frank L. Gay, the stage manager, had been in his room about an hour when the fatal flame commenced its work and no one saw him after he left the drawing room. His wife had left here but a few days before to bury their young boy at St. Louis, his home.

Seven bodies of the missing have been found, but their identity cannot be determined as the fire has done its awful work too well and nothing but portions of skeletons remain.

### GOVERNOR GRANT OBJECTS.

Does Not Want Military Authority Increased in Leyte.

Manila, Nov. 7.—The recent developments in the island of Samar have caused the military authorities to take extraordinary precautions in the island of Leyte. Provincial Governor Grant objects to these on the ground that by reducing the authority of the civil government they set a bad example to the people.

In a communication to Vice Governor Wright Mr. Grant says that although three presidents and one vice

president have been arrested in Leyte for treasonable correspondence with the insurgents these people have not represented the islanders generally, who appreciate the blessings of civil government.

In the main, according to Mr. Grant, the natives of Leyte are quiet and subdued. They fear, moreover, that they may be mistaken for the natives of Samar. They have been powerless to refuse the demands made upon them by Lukban for food and assistance owing to the refusal of General Smith to allow themselves arms for self-protection.

### Porto Rico's Treasurer Ill.

San Juan, P. R., Nov. 7.—Mr. Dix, the acting treasurer, who is in the military hospital, where he was recently operated upon for appendicitis, shows no improvement in condition. Several days at least must pass before

he will be out of danger. His illness seriously embarrasses the government, as there is no treasurer and Mr. Dix alone is empowered to execute treasury department papers.

### Found Eight Cadavers.

Chicago, Nov. 7.—Eight human bodies were taken from two crates at the freight depot of the Chicago, Burlington and Quincy railroad. They were consigned to R. J. Jones of Brashear, Mo., and marked as second-hand laundry machinery. The bodies were purchased during the day from the Harvey medical college of this city and were being shipped to Missouri for purposes of dissection. The police are looking for Jones, but so far have been unable to locate him. The only charge that can be brought against him is the shipping of bodies in a manner contrary to law.

## AMUSEMENTS.

Tonight the last performance will be given in Gardner hall. After having made a conquest of the theatrical fields of America, England, Ireland, Scotland, Germany, Australia, New Zealand, South Africa, China, Japan and other lands, that most infectious comedy, "What Happened to Jones," will return to its native heather and a splendid revival of the play is promised. This is the cleverest work of that indefatigable humorous, Broadhurst, and Thomas W. Broadhurst is going to endeavor to perpetuate the memory of that name by the magnificence of its production this year. See this tonight at Gardner hall.

The grand concert to be given in Gardner hall tomorrow evening will be a great success. The best local talent in the musical line has been secured and the program is replete with good things. Those who have not already purchased tickets for this event should do so at once. The members of the W. R. C. are getting up the concert and the proceeds will go toward the McKinley monument. Speakers of eminence will also be heard in connection with the music and it will be a particularly pleasant evening.

Mrs. Frank Sartell narrowly averted an accident to herself by her horse running away, at Sauk Rapids. She was moving her canned fruit to her new home, when the horse took fright. The fruit was scattered and the buggy smashed to atoms. Her infant child had just been taken from the carriage when the accident happened.

A suit for \$5,000 has been commenced in the district court, at Grand Forks by William Epworth against the Grand Forks Lumber company for damages sustained while working in defendant's mill in East Grand Forks on June 7.

The St. Cloud Grocery company has been advised that its bid for the furnishing of the Minnesota state reformatory in this city with groceries for the three months beginning November 1 has been accepted.—Journal-Press.

Pat McKeon is in the city today and it was learned that he was quite badly injured in the wreck which occurred this side of Superior a few days ago when the east bound passenger ran into a bunch of freight cars. Mr. McKeon was standing near the stove at the time and fell forward hitting his head on the edge of a seat. Quite a bad gash was inflicted and he was otherwise pretty badly used up.

### OBLIGATORY ARBITRATION.

Outline of the Project to Be Offered Pan-American Conference.

Mexico City, Nov. 6.—The project for a treaty of arbitration and court of arbitration which will be submitted to the Pan-American conference is largely framed on lines recommended by The Hague peace conference. However, it proposes an increased number of obligatory subjects for arbitration and creates various sanctions with a view to coercion or punishment of nations which, after signing the treaty, fail to live up to it. Among the sanctions proposed are the following: The aggrieved nation and any other nation sympathizing with it may terminate their treaties with the offending power before the proper date for their expiration. Members of the offending power on the court of arbitration may be erased therefrom, and if the majority of the nations signing the treaty approve, a note of censure may be addressed to the said power. In extreme cases the disapproving powers may suspend diplomatic relations with the recalcitrant government.

The Southeastern North Dakota Teachers' association will meet in Wahpeton Friday and Saturday. It is composed of Cass, Barnes, Traill and Richland counties. Semi-annual meetings are held in rotation in the different counties. W. R. Kilpatrick, of Wahpeton, is the president, and Miss Ida Benedict, of Fargo, the secretary. The programme includes a number of the leading educators of the four counties.

A. W. Zahn is nursing a bad cold, contracted Sunday night while a passenger on the Northern Pacific. He was on a night train enroute home from St. Paul, and which was delayed below Clear Lake by the freight wreck near that place. With the train at a standstill the stove flues in the coaches refused to "draw" and the passengers nearly froze to death. A bonfire in the open air was even tried as an experiment.—Journal-Press.

The very high wages offered for men to go in the woods is proving too strong a temptation to many sailors on boats trading at Lake Superior ports. Almost every day complaint is heard that some of the members of a boat's crew have deserted, and it has been ascertained that, as a rule, they go to the woods. It is particularly exasperating for the vessel masters to lose some of their sailors at this end of the route, for it is not an easy matter to replace them in Duluth at this time of the year.

## IMPASSIONED ADDRESS

MR. RAYNER CONCLUDES A BRILLIANT ARGUMENT FOR ADMIRAL SCHLEY.

### HEARTY CONGRATULATIONS

Members of the Court of Inquiry and the Judge Advocate Felicitate the Applicant and His Counsel—The Speech of the Latter an Able Defense of the Acts of His Client Throughout the Entire Campaign.

Washington, Nov. 7.—The climax of the Schley court of inquiry came during the afternoon when Mr. Rayner, the chief counsel for Admiral Schley, concluded a brilliant argument of over three hours with a peroration so eloquent and impassioned that all within the sound of his voice were profoundly touched. This remarkable trial, he said, sought to condemn the man who had brought to a successful termination as great a naval triumph as was ever won. In vivid colors he painted the picture of the Brooklyn with Commodore Schley on the bridge fighting the entire Spanish fleet until the Oregon appeared out of the smoke. The thunders of the Brooklyn, music for the ears of his countrymen, aroused Admiral Schley's envious foes. He pictured the victorious sailor suffering as few have suffered for three long years while the fires of persecution leaped around him and now awaiting the hour of his vindication in the verdict of the court.

"And when it comes," he concluded, "he can, from the high and exalted position he occupies, look down upon his traducers and maligners and with excellent pride exclaim: 'I care not for the venomous gossip of clubs, drawing rooms and cliques and the poisoned shafts of envy and of malice. I await under the guidance of divine Providence the verdict of posterity.'"

### A Thrilling Scene.

The scene in the courtroom as he finished with these words was thrilling. As Mr. Rayner began his eulogy of Admiral Schley those in the audience, many of whom were ladies, leaned forward in their seats. The spell of his oratory was over them and when he described the admiral's gallant deeds and the long persecution to which he had been subjected many of them broke down and wept. The members of the court displayed evidences of emotion and Admiral Schley himself was plainly moved. He sat, leaning back, with his hands behind his head, his chin twitched and as his counsel said he could afford to await the verdict of posterity two big tears rolled down his cheeks. He moved uneasily to conceal his emotion and under the pretense of adjusting his glasses brushed the tears aside. For fully 30 seconds after Mr. Rayner closed there was not a sound. Then the tension broke in a loud burst of applause.

Admiral Dewey, after about half a minute, arose to remind the spectators that such a demonstration was out of place. A moment afterward the court adjourned, the judge advocate pleading that he could not well go on. Then another remarkable thing happened. As soon as the gavel fell the entire audience surged forward to shake the hands of Admiral Schley and Mr. Rayner. But the oncoming spectators fell back a moment as they saw Admiral Dewey and his two associates move around the table as if by a common impulse and

Congratulate Admiral Schley and his counsel. Even Captain Lemly, the judge advocate, came forward to join in the congratulations. Then the public had its inning and for 15 minutes after the court adjourned Admiral Schley and Mr. Rayner were kept busy shaking hands.

Mr. Rayner's argument consumed the whole day of the court, except for half an hour at the opening, which Captain Parker, his associate counsel occupied in concluding. Mr. Rayner took up the specifications one by one, reserving those relating to the retrograde movement until the last. So far as he was able to do so he used the testimony of the department's witnesses to prove his contentions. With regard to the retrograde movement, which he discussed with greater seriousness than the other specifications, he adduced in justification not only Admiral Schley's reasons for believing the Spanish fleet was not in Santiago, but argued that every officer charged with the responsibility of command necessarily must be clothed with discretion in carrying out instructions. He displayed good temper in advertising to the testimony of most of the officers, especially the ranking officers who seemed to contradict his client, giving them in each case credit for honesty of purpose. But with a few he dealt unsparingly. Lieutenants Wood, Potts and Bristol he held up to ridicule.

### OCCUPATION NOT PERMANENT.

Seizure of Mitylene Merely Part of a Debt Collecting Process.

Washington, Nov. 7.—M. Margerie, the French charge of embassy, is in almost daily conference with Secretary Hay and while no statement as to the nature of the exchanges is obtainable it is believed that they relate in part to the Pan-American canal and also to the execution of the French programme in Turkish waters. The United States government thus far is not concerned in the seizure of the island of Mitylene, having been given to understand that the French occupation is in no sense permanent, but merely part of a debt collecting process. The trade between Mitylene ports and the United States is inconsequential and even if it were larger it would not be affected injuriously by the French occupation as has been shown to the department.

A. W. Zahn is nursing a bad cold, contracted Sunday night while a passenger on the Northern Pacific. He was on a night train enroute home from St. Paul, and which was delayed below Clear Lake by the freight wreck near that place. With the train at a standstill the stove flues in the coaches refused to "draw" and the passengers nearly froze to death. A bonfire in the open air was even tried as an experiment—Journal-Press.

The very high wages offered for men to go in the woods is proving too strong a temptation to many sailors on boats trading at Lake Superior ports. Almost every day complaint is heard that some of the members of a boat's crew have deserted, and it has been ascertained that, as a rule, they go to the woods. It is particularly exasperating for the vessel masters to lose some of their sailors at this end of the route, for it is not an easy matter to replace them in Duluth at this time of the year.

## IMPASSIONED ADDRESS

MR. RAYNER CONCLUDES A BRILLIANT ARGUMENT FOR ADMIRAL SCHLEY.

## HEARTY CONGRATULATIONS

Members of the Court of Inquiry and the Judge Advocate Felicitate the Applicant and His Counsel—The Speech of the Latter an Able Defense of the Acts of His Client Throughout the Entire Campaign.

Washington, Nov. 7.—The climax of the Schley court of inquiry came during the afternoon when Mr. Rayner, the chief counsel for Admiral Schley, concluded a brilliant argument of over three hours with a peroration so eloquent and impassioned that all within the sound of his voice were profoundly touched. This remarkable trial, he said, sought to condemn the man who had brought to a successful termination as great a naval triumph as was ever won. In vivid colors he painted the picture of the Brooklyn with Commodore Schley on the bridge fighting the entire Spanish fleet until the Oregon appeared out of the smoke. The thunders of the Brooklyn, music for the ears of his countrymen, aroused Admiral Schley's envious foes. He pictured the victorious sailor suffering as few have suffered for three long years while the fires of persecution leaped around him and now awaiting the hour of his vindication in the verdict of the court.

"And when it comes," he concluded, "he can, from the high and exalted position he occupies, look down upon his traducers and maligners and with excellent pride exclaim: 'I care not for the venomous gossip of clubs, drawing rooms and cliques and the poisoned shafts of envy and of malice. I await under the guidance of divine Providence the verdict of posterity.'"

### A Thrilling Scene.

The scene in the courtroom as he finished with these words was thrilling. As Mr. Rayner began his eulogy of Admiral Schley those in the audience, many of whom were ladies, leaned forward in their seats. The spell of his oratory was over them and when he described the admiral's gallant deeds and the long persecution to which he had been subjected many of them broke down and wept. The members of the court displayed evidences of emotion and Admiral Schley himself was plainly moved. He sat, leaning back, with his hands behind his head, his chin twitched and as his counsel said he could afford to await the verdict of posterity two big tears rolled down his cheeks. He moved uneasily to conceal his emotion and under the pretense of adjusting his glasses brushed the tears aside. For fully 30 seconds after Mr. Rayner closed there was not a sound. Then the tension broke in a loud burst of applause.

Admiral Dewey, after about half a minute, arose to remind the spectators that such a demonstration was out of place. A moment afterward the court adjourned, the judge advocate pleading that he could not well go on. Then another remarkable thing happened. As soon as the gavel fell the entire audience surged forward to shake the hands of Admiral Schley and Mr. Rayner. But the oncoming spectators fell back a moment as they saw Admiral Dewey and his two associates move around the table as if by a common impulse and

Congratulate Admiral Schley and his counsel. Even Captain Lemly, the judge advocate, came forward to join in the congratulations. Then the public had its inning and for 15 minutes after the court adjourned Admiral Schley and Mr. Rayner were kept busy shaking hands.

Mr. Rayner's argument consumed the whole day of the court, except for half an hour at the opening, which Captain Parker, his associate counsel, occupied in concluding. Mr. Rayner took up the specifications one by one, reserving those relating to the retrograde movement until the last. So far as he was able to do so he used the testimony of the department's witnesses to prove his contentions. With regard to the retrograde movement, which he discussed with greater seriousness than the other specifications, he adduced in justification not only all Admiral Schley's reasons for believing the Spanish fleet was not in Santiago, but argued that every officer charged with the responsibility of command necessarily must be clothed with discretion in carrying out instructions. He displayed good temper in advertising to the testimony of most of the officers, especially the ranking officers who seemed to contradict his client, giving them in each case credit for honesty of purpose. But with a few he dealt unsparingly. Lieutenants Wood, Potts and Bristol he held up to ridicule.

OCCUPATION NOT PERMANENT. Seizure of Mitylene Merely Part of a Debt Collecting Process.

Washington, Nov. 7.—M. Margerie, the French charge of embassy, is in almost daily conference with Secretary Hay and while no statement as to the nature of the exchanges is obtainable it is believed that they relate in part to the Pan-American canal and also to the execution of the French programme in Turkish waters. The programme of government thus far is not concerned in the seizure of the island of Mitylene, having been given to understand that the French occupation is in no sense permanent, but merely part of a debt collecting process. The trade between Mitylene ports and the United States is inconsequential and even if it were larger it would not be affected injuriously by the French occupation as has been shown to the department.

## AMUSEMENTS.

Tonight the last performance will be given in Gardner hall. After having made a conquest of the theatrical fields of America, England, Ireland, Scotland, Germany, Australia, New Zealand, South Africa, China, Japan and other lands, that most infectious comedy, "What Happened to Jones," will return to its native heather and a splendid revival of the play is promised. This is the cleverest work of that indefatigable humorous, Broadhurst, and Thomas W. Broadhurst is going to endeavor to perpetuate the memory of that name by the magnificence of its production this year. See this tonight at Gardner hall.

The grand concert to be given in Gardner hall tomorrow evening will be a great success. The best local talent in the musical line has been secured and the program is replete with good things. Those who have not already purchased tickets for this event should do so at once. The members of the W. R. C. are getting up the concert and the proceeds will go toward the McKinley monument. Speakers of eminence will also be heard in connection with the music and it will be a particularly pleasant evening.

Mrs. Frank Sartell narrowly averted an accident to herself by her horse running away, at Sauk Rapids. She was moving her canned fruit to her new home, when the horse took fright. ## OBLIGATORY ARBITRATION.

Outline of the Project to Be Offered Pan-American Conference.

Mexico City, Nov. 6.—The project for a treaty of arbitration and court of arbitration which will be submitted to the Pan-American conference is largely framed on lines recommended by The Hague peace conference. However, it proposes an increased number of obligatory subjects for arbitration and creates various sanctions with a view to coercion or punishment of nations which, after signing the treaty, fail to live up to it. Among the sanctions proposed are the following:

The aggrieved nation and any other nation sympathizing with it may terminate their treaties with the offending power before the proper date for their expiration. Members of the offending power on the court of arbitration may be erased therefrom, and if the majority of the nations signing the treaty approve, a note of censure may be addressed to the said power. In extreme cases the disapproving powers may suspend diplomatic relations with the recalcitrant government.

This Morning.

This morning Sheriff Tanner went out a few miles south of the city and placed under arrest Peter Anderson, well known in this county, and it is likely to go hard with him.

He was arrested on the charge of setting the spark which resulted in the big forest fires throughout Morrison and Crow Wing counties. It seems that Fire Warden Andrews has been investigating the matter and has finally concluded to prosecute Anderson.

It seems that Anderson lived just across the Crow Wing line into Morrison county until quite recently. He sold out his farm down there and moved on a farm a few miles south of this city. When he got ready to move from the farm in Morrison county there was a stack of straw which he wanted to sell to some of his neighbors but they did not want to pay him anything for it and the story goes that instead of leaving it to some farmer set it afire.

It is claimed that the fire started from this point and radiated through the two counties causing great destruction. It is likely to go pretty hard with Anderson on this score, as the state authorities have been having considerable trouble and State Fire Warden Andrews now insists on bringing the guilty parties who set fires to justice.

### Way They Crawl Out.

The football game between the Aitkin bighs and the Y. M. C. A. team of this city, which was scheduled to take place at Aitkin this afternoon, has been declared off, the Aitkin players having backed out and declined to play. In other words, the Aitkin players are afraid to go up against anything near their own weight, and so they do the baby act.

Comment on the above is unnecessary, since it is well known that the Y. M. C. A. team was unable to score in a game with their own high school team which the Aitkin boys snubbed under to the tune of 57 to 0. As soon as the Brainerd Y. M. C. A. team gets a record, the Aitkin team will consider a proposition from it.—Aitkin Age.

### Laurier Talks on Reciprocity.

Montreal, Nov. 7.—At the annual banquet of the Canadian Manufacturers' association held here Sir Wilfrid Laurier, the Canadian premier, said that since 1866 Canada had been sending delegation after delegation to Washington in an endeavor to secure reciprocity. No more delegations would be sent. On the contrary he believed it would not be long before the United States would be sending delegations to Ottawa on the same mission.

### Have a Union-Labor Mayor.

San Francisco, Nov. 6.—Incomplete returns from the municipal election indicate that Eugene E. Schmitz, the Union Labor nominee for mayor, is elected by a plurality of at least 3,000. A. R. Wells, Rep., is second in the race, and J. S. Tobin, Dem., a poor third. The board of supervisors will be Democratic. The remainder of the ticket is divided between the Republicans and the Democrats. The total vote cast was over 65,000.

**Republicans Generally Successful.**  
Salt Lake, Utah, Nov. 6.—Complete returns from more than half of the 52 election districts in this city and partial returns from the remainder indicate the election of the entire Republican ticket, headed by Mayor Ezra Thompson, by majorities ranging from 600 to 1,000. Meagre reports from other cities and towns of the state, while very incomplete, indicate that the Republicans have been generally successful.

## LIKELY TO BE TROUBLE.

It will be remembered that shortly after H. Spaulding had bought the building which was occupied by McColl, the photographer, that he rented the same to the Lion Clothing Company. A verbal agreement had been made and a lease taken by the company from Mr. Spaulding for a term of two years. Now the firm has decided to go out of business in this city since the recent escapade of Morris Dryer.

Mr. Spaulding made the improvements in the building subject to the company's demands and even went so far as to put in a new front. Several hundred dollars were expended in fixing up the place and now Mr. Spaulding feels that he has a grievance coming.

The total number of homestead entries at the St. Cloud land office for the month of October was 107, says the St. Cloud Journal-Press. This breaks the record of entries for several years past. A. F. Dueber, who has been a clerk in the office since 1894, says that it is more than were filed at the office during any month during his term of service and it is believed to be the largest number of any month in ten years past. ## COMPANY F MAKES GOOD SHOWING.

Report From Headquarters of In-  
spector of Small Arms  
of N. G. S. M.

### LOCAL MEN AS SHARPSHOOTERS

Franklyn W. Britton is the Only  
Man to Qualify as Dis-  
tinguished Rifleman.

General orders have been issued from the adjutant general's office of the National Guard, State of Minnesota, which gives the report of the brigade inspector of small arms practice on target practice, during the annual encampment of 1901, together with a list of the qualifying scores, and also the competitive rifle practice for position on the Minnesota State Rifle team.

The circular also states that the state trophy for the highest aggregate score is awarded for the second time to the Third Infantry regimental team. Captain Orris E. Lee, brigade inspector of small arms practice is appointed captain of the Minnesota State Rifle team. Included in this team are Francis J. Britton, and Franklin W. Britton, of Company F, this city and First Lieut. William Nelson, also of Company F, this city, is one of the alternates.

In his report of the small arms practice season Captain O. R. Lee, inspector of small arms practice, the following excerpts will be found:

The small arms practice season for the year 1901 has, in some respects, been productive of much useful experience. The principal innovations have been the firing by battalions and the volley firing.

Of the former, the experience has not been wholly satisfactory, for the reason that the excessive heat during the encampment of the First and Second Regiments made the strain of an entire day upon the range very trying upon the less experienced men, and is probably the reason for the failure to qualify more sharpshooters in those organizations. If it were modified so that battalions would have their fixed distance shooting in one day, and those who had qualified to run the skirmish should occupy the fourth day, it would be a great improvement over the old system.

In the volley firing, the small percentages are the result of the small number present and firing. In many cases less than fifty per cent of the strength of the companies in camp was present in the firing line. These percentages are figured upon the number of men in camp, not those firing.

If the new range at Camp Lakeview is completed, the distances in the volley firing should be changed to 600, 800 and 1,000 yards, the ranges nearer to that which, in actual service, volleys would be used.

In competition between the regimental teams for the state trophy, the Third Infantry was again successful by a largely increased score, particularly in the skirmish firings.

Company F, of Brainerd, has the distinction of being the only company in all the three regiments of the state who has a man who qualified as a "Distinguished Rifleman." This was Quartermaster Sergeant Franklin W. Britton, who has qualified as a sharpshooter in the seasons of 1890, 1891, 1893, 1900 and 1901. To become a distinguished rifleman it is necessary to qualify as a sharpshooter five seasons. The following from Company F qualified as sharpshooters: First Lieut. William Nelson, who made 138 on fixed distances and 47 on skirmish, making a total score of 185; Quartermaster Sergeant Franklin W. Britton, who made 133 on fixed distances and 81 on skirmish; and Musician Mert M. Duff, who made 125 on fixed distances and 75 on skirmish.

Private Francis Britton qualified at the regimental match as a sharpshooter with a score of 133 on fixed

distances and 31 on skirmish.

The following from Company F, of this city, qualified as marksmen with the following scores: Capt. Samuel R. Adair, 131; First Sergeant Patrick J. Murphy, 121; Sergeant Chas. B. Rowley, 118; Sergeant James Towers, 111; Corporal Clifton A. Albright, 113; Private Frederick L. Britton, 123; Private George F. Britton, 115; Private Alonzo M. Burfield, 110; Private Elmer E. Dayton, 115; Private John Seibert, 136; and Private James E. Swartout, 115.

The Third regiment is in the sharpshooters' class. In the regimental team match at Lake City three members of Company F were in the contest, William Nelson, Franklin W. Britton and Francis J. Britton. Mr. Nelson's score in this match totaled 181; Franklin W. Britton's totaled 199; and Francis J. Britton totaled 194 out of a possible 100 in each case. These three gentlemen have been selected by Inspector of Small Arms Practice Lee for positions on the State Rifle Team.

It can be seen that Company F fared excellent in the aggregate and made as good a record as any company in the state, and a better record in individual shooting.

## WAS INDUCTED BISHOP.

Samuel C. Edsall Is Bishop—Rev. George  
H. Davis Formally Receives and Ac-  
knowledges New Head.

The ceremony of inducting Right Rev. Samuel Cook Edsall into the bishopric of the diocese of Minnesota was celebrated at Christ's church in St. Paul Tuesday, and seldom has there been seen in the Twin Cities so imposing an array of Episcopal clergymen or so elaborate exercises.

Clerical and lay representatives of that faith were present from all parts of Minnesota, and from Iowa, Nebraska and Wisconsin. The capacity of the church was taxed to accommodate the number and those who were present as spectators.

Nearly three hours were consumed in the ceremony and the sermon. The induction service itself was extremely simple, differing little from the institution of a minister. The procession was the imposing feature.

Not only was the latter so because of the number of clergymen composing it—there being fifty in their full canonical robes—but because of the ecclesiastical rank and the age of many of those participating. There were four bishops, two archdeacons and most of the older clergymen of the state.

The cross bearer entered the church first, followed by the choristers, singing the processional hymn. The younger clergy were next, twenty-four in number. They formed a double line down the greater length of the nave. Between the two lines the bishops passed. Bishop Edsall coming third, and followed by the remainder of the clergy. The younger clergy then formed in procession and approached the altar, seating themselves upon either side of the chancel upon a raised platform prepared for them.

Bishop Edsall presented a splendid appearance in his full bishopric robes. The black gown was relieved by the cope of scarlet. The other bishops wore the scarlet cope and band also, and these, with the many white gowns following, gave a suggestion of grandeur.

Rev. George H. Davis, D. D., of Mankato, president of the standing committee of the diocese, received and formally acknowledged Bishop Edsall as ruler and guide of the Minnesota diocese.

Following the ceremony of institution Bishop Morrison, of Iowa, a fervent and scholarly appearing man, preached a powerful sermon.

### BUILDING AND LOAN ASSN.

The Gentleman States that there

M. H. V. Young, formerly of Akron, O., but of late a resident of Minneapolis, is in the city and he has been interesting some of the business men of the city for the past day or two in the organization of a local building and loan association.

A meeting of those interested, business men and wage earners, will be held this evening at the Arlington hotel to consider the feasibility of organizing an association.

Mr. Young stated this morning that if the association was organized it would be a purely local concern and that it will be the perpetual plan which is the distinct feature of all successful organizations of this nature. The plan, Mr. Young states, was evolved by himself after many years experience in the business.

There are those who will not look with favor on such a move, as an association of this nature organized in this city failed and the affairs are now in the hands of a receiver, but Mr. Young states that notwithstanding this fact he is greeted with a ready response.

There are many enthusiastic citizens in Brainerd prepared to tell their experience for the public good. Testimony from such a source is the best of evidence and will prove a "helping hand" to scores of readers. Read the following statement:

Mrs. Moses Derocher, of 127 Seventh street south, says: "I was down in the small part of my back there was a pain very distressing, by spells becoming much worse and causing me discomfort, to say the least. My husband bought me a box of Doan's Kidney Pills at the nearest drug store and I started taking them. ### NORTHERN PACIFIC TANGLE.

Authoritatively Stated That a Basis of  
Settlement Has Been Reached.

New York, Nov. 7.—The Times says: The main points in the settlement of the Northwestern railway tangle have at last been agreed upon. This statement was made by a member of the Harriman syndicate and also by James J. Hill, president of the Great Northern railroad. Many minor details remain unsettled, however, and it is possible some of the main features may be slightly modified. It is expected, nevertheless, that the plan in its entirety will be completed by the end of the present week.

The principal features of the settlement plan are the reorganization of the stockholding company and the decision not to retire the Northern Pacific preferred stock. The latter proposition was the one on which centered the major part of the discussion, and it is stated, that contention of the Union Pacific interests that permanent peace could only be obtained by a due recognition of their rights finally won. In the new stockholding company by which the various stock issues are to be funded the former contending interests will be equally represented.

### BY THE INSPECTOR GENERAL.

Makes an Additional Report to the  
Secretary of War.

Washington, Nov. 7.—Inspector General Breckinridge has made a report to the secretary of war covering details of army matters which were not touched upon in his previous report. He says that the pacification of the Philippines is making good headway. Reports from Cuba and Porto Rico indicate a settled condition in those islands. He recommends that a United States depository be established at Manila for handling government funds. The report says about 25 per cent of the animals purchased for the Philippines went blind owing to the tropical climate. The emergency ration is pronounced excellent, but it is recommended that more care be paid to the packing of goods for their preservation. Quoting from Major Lovering, he says that the climatic effect on employees in the Philippines is very marked and the capacity for work of such employees diminishes from month to month.

Scranton, Pa., Nov. 7.—An order calling a strike at the eight collieries of the Temple Iron company was issued during the evening from the headquarters of district No. 2, United Mine Workers of America. The strike was ordered because the company refused to reinstate 50 men who were discharged because they were strikers from the Maltby and Lehigh Valley collieries.

The eight collieries operated by the Temple Iron company are located in Lackawanna and Luzerne counties and employ about 4,000 men and boys. The company officials refuse to make any statement.

Dayton, 115; Private John Seibert, 136; and Private James E. Swartout, 115.

The Third regiment is in the sharpshooters' class. In the regimental team match at Lake City three members of Company F were in the contest, William Nelson, Franklin W. Britton and Francis J. Britton. Mr. Nelson's score in this match totaled 181; Franklin W. Britton's totaled 199; and Francis J. Britton totaled 194 out of a possible 100 in each case. These three gentlemen have been selected by Inspector of Small Arms Practice Lee for positions on the State Rifle Team.

It can be seen that Company F fared excellent in the aggregate and made as good a record as any company in the state, and a better record in individual shooting.

**WAS INDUCTED BISHOP.**  
**Samuel C. Edsall Is Bishop—Rev. George**  
**H. Davis Formally Receives and Acknowledges New Head.**

The ceremony of inducting Right Rev. Samuel Cook Edsall into the bishopric of the diocese of Minnesota was celebrated at Christ's church in St. Paul Tuesday, and seldom has there been seen in the Twin Cities so imposing an array of Episcopal clergymen or so elaborate exercises.

Clerical and lay representatives of that faith were present from all parts of Minnesota, and from Iowa, Nebraska and Wisconsin. The capacity of the church was taxed to accommodate the number and those who were present as spectators.

Nearly three hours were consumed in the ceremony and the sermon. The induction service itself was extremely simple, differing little from the institution of a minister. The procession was the imposing feature.

Not only was the latter so because of the number of clergymen composing it—there being fifty in their full canonical robes—but because of the ecclesiastical rank and the age of many of those participating. There were four bishops, two archdeacons and most of the older clergymen of the state.

The cross bearer entered the church first, followed by the choristers, singing the processional hymn. The younger clergy were next, twenty-four in number. They formed a double line down the greater length of the nave. Between the two lines the bishops passed. Bishop Edsall coming third, and followed by the remainder of the clergy. The younger clergy then formed in procession and approached the altar, seating themselves upon either side of the chancel upon a raised platform prepared for them.

Bishop Edsall presented a splendid appearance in his full bishopric robes. The black gown was relieved by the cope of scarlet. The other bishops wore the scarlet cope and band also, and these, with the many white gowns following, gave a suggestion of grandeur.

Rev. George H. Davis, D. D., of Mankato, president of the standing committee of the diocese, received and formally acknowledged Bishop Edsall as ruler and guide of the Minnesota diocese.

Following the ceremony of institution Bishop Morrison, of Iowa, a fervent and scholarly appearing man, preached a powerful sermon.

The Gentleman States that there will be a Meeting this Evening.

M. H. V. Young, formerly of Akron, O., but of late a resident of Minneapolis, is in the city and he has been interesting some of the business men of the city for the past day or two in the organization of a local building and loan association.

A meeting of those interested, business men and wage earners, will be held this evening at the Arlington hotel to consider the feasibility of organizing an association.

Mr. Young stated this morning that if the association was organized it would be a purely local concern and that it will be the perpetual plan which is the distinct feature of all successful organizations of this nature. The plan, Mr. Young states, was evolved by himself after many years experience in the business.

There are those who will not look with favor on such a move, as an association of this nature organized in this city failed and the affairs are now in the hands of a receiver, but Mr. Young states that notwithstanding this fact he is greeted with a ready response.

## PETER ANDERSON IS IN LIMBO.

Is Charged With Starting Forest  
Fires Which Did So Much  
Damage.

### FIRE WARDEN AFTER HIS SCALP

Sheriff Tanner of Morrison County  
Causes His Arrest Here  
This Morning.

This morning Sheriff Tanner went out a few miles south of the city and placed under arrest Peter Anderson, well known in this county, and it is likely to go hard with him.

He was arrested on the charge of setting the spark which resulted in the big forest fires throughout Morrison and Crow Wing counties. It seems that Fire Warden Andrews has been investigating the matter and has finally concluded to prosecute Anderson.

It seems that Anderson lived just across the Crow Wing line into Morrison county until quite recently. He sold out his farm down there and moved on a farm a few miles south of this city. When he got ready to move from the farm in Morrison county there was a stack of straw which he wanted to sell to some of his neighbors but they did not want to pay him anything for it and the story goes that instead of leaving it to some farmer set it afire.

It is claimed that the fire started from this point and radiated through the two counties causing great destruction. It is likely to go pretty hard with Anderson on this score, as the state authorities have been having considerable trouble and State Fire Warden Andrews now insists on bringing the guilty parties who set fires to justice.

### Way They Crawl Out.

The football game between the Aitkin boys and the Y. M. C. A. team of this city, which was scheduled to take place at Aitkin this afternoon, has been declared off, the Aitkin players having backed out and declined to play. In other words, the Aitkin players are afraid to go up against anything near their own weight, and so they do the baby act.—Brainerd Tribune, Saturday.

Comment on the above is unnecessary, since it is well known that the Y. M. C. A. team was unable to score in a game with their own high school team which the Aitkin boys snowed under to the tune of 57 to 0. As soon as the Brainerd Y. M. C. A. team gets a record, the Aitkin team will consider a proposition from it.—Aitkin Age.

### Laurier Talks on Reciprocity.

Montreal, Nov. 7.—At the annual banquet of the Canadian Manufacturers' association held here Sir Wilfrid Laurier, the Canadian premier, said that since 1866 Canada had been sending delegation after delegation to Washington in an endeavor to secure reciprocity. No more delegations would be sent. On the contrary he believed it would not be long before the United States would be sending delegations to Ottawa on the same mission.

### Want British Protectorate Recognized

Managua, Nicaragua, Nov. 7.—Mr. Paget, secretary of the British legation to the republics of Central America, who is now officially visiting the government of Nicaragua, insists that President Zelaya should officially recognize Great Britain's claim as protector of the Mosquito reservation and the Mosquito Indians, whose territory is now a civil department of Nicaragua.

### Miss Stone Will Be Released Soon.

Constantinople, Nov. 7.—The officials of the United States legation here have received through Salonica information that indicates the early release of the captives in the hands of the brigands. On Oct. 29 Miss Stone and Mme. Tsilka were both well.

### Have a Union-Labor Mayor.

San Francisco, Nov. 6.—Incomplete returns from the municipal election indicate that Eugene E. Schmitz, the Union Labor nominee for mayor, is elected by a plurality of at least 3,000. A. R. Wells, Rep., is second in the race, and J. S. Tobin, Dem., a poor third. The board of supervisors will be Democratic. The remainder of the ticket is divided between the Republicans and the Democrats. The total vote cast was over 65,000.

### Republicans Generally Successful.

Salt Lake, Utah, Nov. 6.—Complete returns from more than half of the 52 election districts in this city and partial returns from the remainder indicate the election of the entire Republican ticket, headed by Mayor Ezra Thompson, by majorities ranging from 600 to 1,000. Meagre reports from other cities and towns of the state, while very incomplete, indicate that the Republicans have been generally successful.

A verbal agreement had been made and a lease taken by the company from Mr. Spaulding for a term of two years. Now the firm has decided to go out of business in this city since the recent escapade of Morris Dryer.

Mr. Spaulding made the improvements in the building subject to the company's demands and even went so far as to put in a new front. Several hundred dollars were expended in fixing up the place and now Mr. Spaulding feels that he has a grievance coming.

The total number of homestead entries at the St. Cloud land office for the month of October was 107, says the St. Cloud Journal-Press. This breaks the record of entries for several years past. A. F. Dueber, who has been a clerk in the office since 1894, says that it is more than were filed at the office during any month during his term of service and it is believed to be the largest number of any month in ten years past. ## COMPANY F MAKES GOOD SHOWING.

Report From Headquarters of In-  
spectors of Small Arms  
of N. G. S. M.

## LOCAL MEN AS SHARPSHOOTERS

Franklyn W. Britton is the Only  
Man to Qualify as Dis-  
tinguished Rifleman.

General orders have been issued from the adjutant general's office of the National Guard, State of Minnesota, which gives the report of the brigade inspector of small arms practice on target practice, during the annual encampment of 1901, together with a list of the qualifying scores, and also the competitive rifle practice for position on the Minnesota State Rifle team.

The circular also states that the state trophy for the highest aggregate score is awarded for the second time to the Third Infantry regimental team. Captain Orris E. Lee, brigade inspector of small arms practice is appointed captain of the Minnesota State Rifle team. Included in this team are Francis J. Britton, and Franklin W. Britton, of Company F, this city and First Lieut. William Nelson, also of Company F, this city, is one of the alternates.

In his report of the small arms practice season Captain O. R. Lee, inspector of small arms practice, the following excerpts will be found:

The small arms practice season for the year 1901 has, in some respects, been productive of much useful experience. The principal innovations have been the firing by battalions and the volley firing.

Of the former, the experience has not been wholly satisfactory, for the reason that the excessive heat during the encampment of the First and Second Regiments made the strain of an entire day upon the range very trying upon the less experienced men, and is probably the reason for the failure to qualify more sharpshooters in those organizations. If it were modified so that battalions would have their fixed distance shooting in one day, and those who had qualified to run the skirmish would occupy the fourth day, it would be a great improvement over the old system.

In the volley firing, the small percentages are the result of the small number present and firing. In many cases less than fifty per cent of the strength of the companies in camp was present in the firing line. These percentages are figured upon the number of men in camp, not those firing.

If the new range at Camp Lakeview is completed, the distances in the volley firing should be changed to 600, 800 and 1,000 yards, the ranges nearer to that which, in actual service, volleys would be used.

In competition between the regimental teams for the state trophy, the Third Infantry was again successful by a largely increased score, particularly in the skirmish firings.

Company F, of Brainerd, has the distinction of being the only company in all the three regiments of the state who has a man who qualified as a "Distinguished Rifleman." This was Quartermaster Sergeant Franklin W. Britton, who has qualified as a sharpshooter in the seasons of 1890, 1891, 1893, 1900 and 1901. To become a distinguished rifleman it is necessary to qualify as a sharpshooter five seasons. The following from Company F qualified as sharpshooters: First Lieut. William Nelson, who made 138 on fixed distances and 47 on skirmish, making a total score of 185; Quartermaster Sergeant Franklin W. Britton, who made 133 on fixed distances and 81 on skirmish; and Musician Mert M. Duff, who made 125 on fixed distances and 75 on skirmish.

Private Francis Britton qualified at the regimental match as a sharpshooter with a score of 133 on fixed

distances and 31 on skirmish.

The following from Company F, of this city, qualified as marksmen with the following scores: Capt. Samuel R. Adair, 131; First Sergeant Patrick J. Murphy, 121; Sergeant Chas. B. Rowley, 118; Sergeant James Towers, 111; Corporal Clifton A. Albright, 113; Private Frederick L. Britton, 123; Private George F. Britton, 115; Private Alonzo M. Burfield, 110; Private Elmer E. Dayton, 115; Private John Seibert, 136; and Private James E. Swartout, 115.

The Third regiment is in the sharpshooters' class. In the regimental team match at Lake City three members of Company F were in the contest, William Nelson, Franklin W. Britton and Francis J. Britton. Mr. Nelson's score in this match totaled 181; Franklin W. Britton's totaled 199; and Francis J. Britton totaled 194 out of a possible 100 in each case. These three gentlemen have been selected by Inspector of Small Arms Practice Lee for positions on the State Rifle Team.

It can be seen that Company F fared excellent in the aggregate and made as good a record as any company in the state, and a better record in individual shooting.

## NORTHERN PACIFIC TANGLE.

Authoritatively Stated That a Basis of  
Settlement Has Been Reached.

New York, Nov. 7.—The Times says: The main points in the settlement of the Northwestern railway tangle have at last been agreed upon. This statement was made by a member of the Harriman syndicate and also by James J. Hill, president of the Great Northern railroad. Many minor details remain unsettled, however, and it is possible some of the main features may be slightly modified. It is expected, nevertheless, that the plan in its entirety will be completed by the end of the present week.

The principal features of the settlement plan are the reorganization of the stockholding company and the decision not to retire the Northern Pacific preferred stock. The latter proposition was the one on which centered the major part of the discussion, and it is stated that contention of the Union Pacific interests that permanent peace could only be obtained by a due recognition of their rights finally won. In the new stockholding company by which the various stock issues are to be funded the former contending interests will be equally represented.

## BY THE INSPECTOR GENERAL.

Makes an Additional Report to the  
Secretary of War.

Washington, Nov. 7.—Inspector General Breckinridge has made a report to the secretary of war covering details of army matters which were not touched upon in his previous report. He says that the pacification of the Philippines is making good headway. Reports from Cuba and Porto Rico indicate a settled condition in those islands. He recommends that a United States depository be established at Manila for handling government funds. The report says about 25 per cent of the animals purchased for the Philippines went blind owing to the tropical climate. The emergency ration is pronounced excellent, but it is recommended that more care be paid to the packing of goods for their preservation. Quoting from Major Lovering, he says that the climatic effect on employees in the Philippines is very marked and the capacity for work of such employees diminishes from month to month.

## ON NATIONAL ISSUES

**BOTH PARTIES IN OHIO AGREE AS TO CAUSE OF THE REPUBLICAN VICTORY.**

### BEATS "OFF YEAR" RECORD

According to Precedent the Democrats Were Due to Carry the State. Majority in Legislature on Joint Ballot Will Be 35—Cummins' Plurality in Iowa Fully 90,000—Gorman About Sure of Maryland Senatorship.

Columbus, O., Nov. 7.—With almost complete returns in it is noted that the Republican plurality beats all records in what has become known as the quadrennial "off year," and, with two exceptions, the records of other years. In the "off year," or those following a presidential election, the Democrats have carried Ohio, the exceptions being in 1881 after the death of Garfield and in 1883 and 1893 after the Cleveland elections.

Wherever local issues were paramount this year the Republicans sustained losses, notably at Columbus, on account of local option, and at Cleveland on account of Mayor Johnson's agitation of "taxation inequalities." Where no such conditions existed the Republicans made gains and they carried some Democratic counties that never before were represented by Republicans.

The state was carried on national issues involved in the support of President Roosevelt and the endorsement of Senator Foraker for re-election.

In interviews Senator Hann, Governor Nash and Chairman Dick of the Republican side, and Colonel Kilbourne, Chairman Daugherty and Secretary Gilliam on the Democratic side, agreed that the result was due to trend of sentiment on national affairs, and none of these six leaders or others in interviews on the result refer to the silver question as a factor.

Chairman Dick of the Republican state committee has the returns from 86 counties in Ohio, with only two missing and the two missing counties were estimated from the newspaper reports with the following results:

Sixty-two counties have Republican pluralities aggregating 90,840. Twenty-six counties have Democratic pluralities aggregating 23,179, making the plurality of Nash over Kilbourne for governor 67,661, and approximating 89,000 plurality for other candidates on the Republican state ticket. The total vote will not exceed 900,000. The Republicans elected 68 representatives and the Democrats 42. The state senate stands 21 Republicans and 12 Democrats. The Republican majority on joint ballot for United States senator is 35.

### THE RESULT IN IOWA.

Cummins' Plurality Ninety Thousand. Legislature Safely Republican.

Des Moines, Nov. 7.—Returns from the county auditors of Iowa indicate that the ultimate official vote will give A. B. Cummins, the Republican governor-elect, something like 90,000 plurality. Four-fifths of the counties have been heard from and conservative estimates of the returns indicate this result as quite certain.

Unofficial returns from every county in the state give Cummins 234,492; Phillips 145,064; Cummins' plurality 89,428. The returns on the legislature are not complete, but the Republicans have surely made good gains and increased their already large majority by 8 or 10. Cummins broke the record in Des Moines county, carrying that by a plurality of 14. It is usually strongly Democratic. The largest plurality given Cummins was by Polk county, which gave him no less than 6,950. Returns from 46 counties indicate a total prohibition vote of 17,748.

### RETURNS FROM MARYLAND.

Democrats Will Have a Majority in the Legislature on Joint Ballot.

Baltimore, Nov. 7.—Returns received in this city and including every county in the state, partly official and partly estimated, indicate a result in the legislative contest which is almost without parallel in Maryland. The most careful estimates give the Democrats 46 delegates and 7 newly elected senators, which, combined with the 10 who hold over in the senate, assures the friends of Mr. Gorman a total of 63 on joint ballot. The Republicans, it appears, have elected 49 delegates and 6 senators, which, added to their 3 holdover senators, gives them a total of 58 on joint ballot. These figures indicate that the Republicans will be able to organize the house of delegates.

### Republican Plurality Increase.

Lincoln, Neb., Nov. 7.—Nearly complete returns from more than a third of the counties in Nebraska serve to increase the pluralities for the Republican state ticket. If the ratio of gain is maintained Sedgwick, Rep., for supreme judge will have a plurality of 12,000. Chairman Lindsay of the Republican state committee says it will not be less than 7,000. Chairman De France of the fusion committee concedes the election of Sedgwick.

### Pennsylvania Republican by 50,000.

Philadelphia, Nov. 7.—Practically complete returns from the state give Harris, Rep., for state treasurer 52,360 plurality, and Potter, Rep., for supreme judge 47,939 plurality. The official totals from the few counties in which the vote is incomplete will not materially alter the foregoing pluralities.

### Will Meet at Minneapolis.

Philadelphia, Nov. 7.—The 32d annual convention of the Women's Foreign Missionary society, which had been in session since last week, has adjourned. Minneapolis was chosen as the next place of meeting.

## LI HUNG CHANG DEAD.

Aged Chinese Statesman Succumbs to Hemorrhage of the Stomach.

Peking, Nov. 7.—Li Hung Chang died at 11 a. m. The cause of his death was hemorrhage of the stomach. The aged statesman had been in an unconscious condition for nearly 24 hours. His family installed native doctors in charge of the patient and the regular physicians refused to attend him unless the Chinese doctors were dismissed.

The yard of the yamen is filled with life-sized paper horses and chairs with coolie bearers, which his friends are sending in accordance with Chinese customs, to be buried with him in order to carry his soul to heaven.

LI HUNG CHANG.

Several of the ministers of the powers have called to express sympathy. Telegrams have been sent summoning Prince Ching, who is now on his way to meet the court, and Chou Fu, provincial treasurer, from Pao Ting. The former will assume general charge of government affairs and the latter will act as governor of Chi Li until Li Hung Chang's successor in that office, who will probably be Yuan Shi Kai, is appointed.

### IMPORTANT ARRESTS.

St. Louis Police Have Couple in Custody Suspected of Express Robbery.

St. Louis, Nov. 7.—The police have in custody at the Four Courts a man and a woman suspected of complicity in the robbery of an express car on the Great Northern railway near Wagner, Mon., July 3 last, when the safe was blown open with dynamite and a consignment of unsigned notes for the National bank of Helena, Mont., amounting to between \$50,000 and \$100,000, was stolen.

Of this amount \$8,500 in crisp new notes on the Helena bank were recovered, having been found in possession of the man and woman, who were registered at the La Clede hotel as Mr. and Mrs. J. W. Rose. They arrived at the hotel last Friday and announced that their stay in the city would probably last several weeks. During the evening the man was taken into custody and later the woman was arrested just as she was about to leave the city. Their arrests followed the passing of several notes on the Helena National bank that were supposed to have been stolen and the signatures forged. Both prisoners were taken before Chief Desmond and examined. The police identified Rose as Harry Loughbaugh, alias "Kid" Loughbaugh, alias Harry Alonzo. Lillian Rose is the name given by the woman. Both prisoners were examined at some length, but little was learned from either.

### STANDARD OIL FROM NEBRASKA.

Wins Suit to Oust It From Nebraska Under Anti-Trust Laws.

Lincoln, Neb., Nov. 7.—The Standard Oil company scored a victory in Nebraska when the referees appointed by the supreme court to take testimony submitted their findings to the court declaring in favor of the company and against the state in the suit to oust it under the anti-trust laws. The suit was originally brought by Former Attorney General Smyth and has been pending nearly three years. The referees declare the allegations in the state petition are not sustained by the evidence. The court at an early date will pass upon the report and if the usual custom is followed it will be accepted.

### TO HAVE A REHEARING.

Oberlin M. Carter Will Appear Before a Civil Tribunal.

Chicago, Nov. 7.—Oberlin M. Carter, now a convict in the government prison at Fort Leavenworth, Kan., and formerly a captain in the United States engineer corps, is to have a rehearing of his case in a civil tribunal. He now has the assurance of the government authorities that all the evidence is to be reviewed again before Judge Kohlsaat of the circuit court in this city, the hearing to take place in a few months. Carter will be called on as a witness in his own behalf and for the purpose of testifying in court he will be released temporarily from his place of confinement.

### Crane's Plurality Over 70,000.

Boston, Nov. 7.—Revised and corrected returns from the entire state of Massachusetts show that Governor Crane has a plurality of 70,116 votes. Revised returns for the legislature show that the political complexion will be as follows: Senate, 33 Republicans, 7 Democrats; house of representatives, 165 Republicans, 73 Democrats, 2 Social Democrats. This is a gain of 15 Republican senators and a loss of 15 Republican representatives.

### Original "Buffalo Jones" Dead.

Salina, Kan., Nov. 7.—H. L. Jones died here, aged 71. Mr. Jones was one of the earliest settlers of Kansas and fought in the battles with border ruffians and Indians. He was the original "Buffalo Jones." He obtained this title while serving this county in one of the early legislatures. He was said at that time to represent more territory, fewer people and more buffaloes than any other member.

## FEAR THE UNITED STATES

German Settlers in Brazil Ask Financial Aid From Old Country.

Berlin, Nov. 7.—Referring to the appeals from German settlers in Brazil for German help in developing South Brazil The National Zeitung urges German capital to aid in railway building.

"If Germany does not assist," says this journal, "the necessary help will come from the United States, thus diverting German trade to that country. This would fit excellently into Mr. Roosevelt's programme of increased intercourse between North America and South America under the flag of the American nation."

The papers refer to the efforts of the Hanzacolization society of Hamburg to maintain the German language in South Brazil by presenting to every German town there a German library. The society has issued an appeal for books.

### Expect Early Attack on Panama.

Colon, Colombia, Nov. 7.—The Colombian gunboat General Pinzon (formerly the yacht Namouna), which was dispatched to Svanilla last week, has just returned to Colon, bringing reinforcements numbering 200 men. The gunboat Boyaca has arrived at Panama from Buena Ventura. It is reported that the government anticipates an early attack upon the part of the insurgents on the city of Panama.

### Quarantine Against European Ports.

Pensacola, Fla., Nov. 7.—Close quarantine has been established against all European ports infected with the bubonic plague. Vessels from ports that are shown to be isolated from contact with the disease will be allowed to enter without delay, but where it is not shown they will be detained, fumigated and disinfected.

### Russia Gives Turkey Advice.

Vienna, Nov. 7.—The Politische Correspondenz, in a communication from St. Petersburg, declares that "the Russian government has given the Porte an opinion on the Stone affair and the insecurity of the Turkish borders, exclusively, of course, with the object of fortifying general tranquillity in the Balkans."

### Caillard Has Not Landed Yet.

Paris, Nov. 7.—A dispatch from Admiral Caillard received here announces that his squadron is still lying before the island of Mitylene. No landing has yet been effected. A heavy sea is running.

### German Deficit Grows.

Berlin, Nov. 7.—The German imperial deficit has heretofore been estimated at 100,000,000 marks. It is now asserted that the budget will assume a deficit of 140,000,000 marks.

### TELEGRAPHIC BREVITIES.

## FEAR THE UNITED STATES.

**German Settlers in Brazil Ask Financial Aid From Old Country.**

Berlin, Nov. 7.—Referring to the appeals from German settlers in Brazil for German help in developing South Brazil The National Zeitung urges German capital to aid in railway building.

"If Germany does not assist," says this journal, "the necessary help will come from the United States, thus diverting German trade to that country. This would fit excellently into Mr. Roosevelt's programme of increased intercourse between North America and South America under the flag of the American nation."

The papers refer to the efforts of the Hanzacker colonization society of Hamburg to maintain the German language in South Brazil by presenting to every German town there a German library. The society has issued an appeal for books.

### Expect Early Attack on Panama.

Colon, Colombia, Nov. 7.—The Colombian gunboat General Pinzon (formerly the yacht Namouna), which was dispatched to Svanilla last week, has just returned to Colon, bringing reinforcements numbering 200 men. The gunboat Boyaca has arrived at Panama from Buena Ventura. It is reported that the government anticipates an early attack upon the part of the insurgents on the city of Panama.

### Quarantine Against European Ports.

Pensacola, Fla., Nov. 7.—Close quarantine has been established against all European ports infected with the bubonic plague. Vessels from ports that are shown to be isolated from contact with the disease will be allowed to enter without delay, but where it is not shown they will be detained, fumigated and disinfected.

### Russia Gives Turkey Advice.

Vienna, Nov. 7.—The Politische Correspondenz, in a communication from St. Petersburg, declares that "the Russian government has given the Porte an opinion on the Stone affair and the insecurity of the Turkish borders, exclusively, of course, with the object of fortifying general tranquillity in the Balkans."

## ON NATIONAL ISSUES

**BOTH PARTIES IN OHIO AGREE AS TO CAUSE OF THE REPUBLICAN VICTORY.**

## BEATS "OFF YEAR" RECORD

According to Precedent the Democrats Were Due to Carry the State.

Majority in Legislature on Joint Ballot Will Be 35—Cummins' Plurality in Iowa Fully 90,000—Gorman About Sure of Maryland Senatorship.

Columbus, O., Nov. 7.—With almost complete returns in it is noted that the Republican plurality beats all records in what has become known as the quadrennial "off year," and, with two exceptions, the records of other years. In the "off year," or those following a presidential election, the Democrats have carried Ohio, the exceptions being in 1881 after the death of Garfield and in 1883 and 1893 after the Cleveland elections.

Wherever local issues were paramount this year the Republicans sustained losses, notably at Columbus, on account of local option, and at Cleveland on account of Mayor Johnson's agitation of "taxation inequalities." Where no such conditions existed the Republicans made gains and they carried some Democratic counties that never before were represented by Republicans.

The state was carried on national issues involved in the support of President Roosevelt and the endorsement of Senator Foraker for re-election.

In interviews Senator Hanna, Governor Nash and Chairman Dick of the Republican side, and Colonel Kilbourne, Chairman Daugherty and Secretary Gilliam on the Democratic side, agreed that the result was due to trend of sentiment on national affairs, and none of these six leaders or others in interviews on the result refer to the silver question as a factor.

Chairman Dick of the Republican state committee has the returns from 86 counties in Ohio, with only two missing and the two missing counties were estimated from the newspaper reports with the following results:

Sixty-two counties have Republican pluralities aggregating 90,840. Twenty-six counties have Democratic pluralities aggregating 23,179, making the plurality of Nash over Kilbourne for governor 67,661, and approximating 80,000 plurality for other candidates on the Republican state ticket. The total vote will not exceed 900,000. The Republicans elected 68 representatives and the Democrats 42. The state senate stands 21 Republicans and 12 Democrats. The Republican majority on joint ballot for United States senator is 35.

## THE RESULT IN IOWA.

Cummins' Plurality Ninety Thousand. Legislature Safely Republican.

Des Moines, Nov. 7.—Returns from the county auditors of Iowa indicate that the ultimate official vote will give A. B. Cummins, the Republican governor-elect, something like 90,000 plurality. Four-fifths of the counties have been heard from and conservative estimates of the returns indicate this result as quite certain.

Unofficial returns from every county in the state give Cummins 234,492, Phillips 145,064; Cummins' plurality 89,428. The returns on the legislature are not complete, but the Republicans have surely made good gains and increased their already large majority by 8 or 10. Cummins broke the record in Des Moines county, carrying that by a plurality of 14. It is usually strongly Democratic. The largest plurality given Cummins was by Polk county, which gave him no less than 6,950. Returns from 46 counties indicate a total prohibition vote of 17,478.

## RETURNS FROM MARYLAND.

Democrats Will Have a Majority in the Legislature on Joint Ballot.

Baltimore, Nov. 7.—Returns received in this city and including every county in the state, partly official and partly estimated, indicate a result in the legislative contest which is almost without parallel in Maryland. The most careful estimates give the Democrats 46 delegates and 7 newly elected senators, which, combined with the 19 who hold over in the senate, assures the friends of Mr. Gorman a total of 63 on joint ballot. The Republicans, it appears, have elected 49 delegates and 6 senators, which, added to their 3 holdover senators, gives them a total of 55 on joint ballot. These figures indicate that the Republicans will be able to organize the house of delegates.

## Republican Pluralities Increase.

Lincoln, Neb., Nov. 7.—Nearly complete returns from more than a third of the counties in Nebraska serve to increase the pluralities for the Republican state ticket. If the ratio of gain is maintained Sedgwick, Rep., for supreme judge will have a plurality of 12,000. Chairman Lindsay of the Republican state committee says it will not be less than 7,000. Chairman De France of the fusion committee concedes the election of Sedgwick.

Pennsylvania Republican by 50,000. Philadelphia, Nov. 7.—Practically complete returns from the state give Harris, Rep., for state treasurer 52,360 plurality, and Potter, Rep., for supreme judge 47,939 plurality. The official totals from the few counties in which the vote is incomplete will not materially alter the foregoing pluralities.

## Will Meet at Minneapolis.

Philadelphia, Nov. 7.—The 324 annual convention of the Women's Foreign Missionary society, which had been in session since last week, has adjourned. Minneapolis was chosen as the next place of meeting.

## LI HUNG CHANG DEAD.

Aged Chinese Statesman Succumbs to Hemorrhage of the Stomach.

Peking, Nov. 7.—Li Hung Chang died at 11 a. m. The cause of his death was hemorrhage of the stomach. The aged statesman had been in an unconscious condition for nearly 24 hours. His family installed native doctors in charge of the patient and the regular physicians refused to attend him unless the Chinese doctors were dismissed.

The yard of the yamen is filled with life-sized paper horses and chairs with coolie bearers, which his friends are sending in accordance with Chinese customs, to be buried with him in order to carry his soul to heaven.

LI HUNG CHANG.

Several of the ministers of the powers have called to express sympathy.

Telegrams have been sent summoning Prince Ching, who is now on his way to meet the court, and Chou Fu, provincial treasurer, from Pao Ting. The former will assume general charge of government affairs and the latter will act as governor of Chi Li until Li Hung Chang's successor in that office, who will probably be Yuan Shi Kai, is appointed.

## IMPORTANT ARRESTS.

St. Louis Police Have Couple in Custody Suspected of Express Robbery.

St. Louis, Nov. 7.—The police have in custody at the Four Courts a man and a woman suspected of complicity in the robbery of an express car on the Great Northern railway near Wagner, Mon., July 3 last, when the safe was blown open with dynamite and a consignment of unsigned notes for the National bank of Helena, Mon., amounting to between \$50,000 and \$100,000, was stolen.

Of this amount \$8,500 in crisp new notes on the Helena bank were recovered, having been found in possession of the man and woman, who were registered at the La Clede hotel as Mr. and Mrs. J. W. Rose. They arrived at the hotel last Friday and announced that their stay in the city would probably last several weeks. During the evening the man was taken into custody and later the woman was arrested just as she was about to leave the city. Their arrests followed the passing of several notes on the Helena National bank that were supposed to have been stolen and the signatures forged. Both prisoners were taken before Chief Desmond and examined. The police identified Rose as Harry Loughbaugh, alias "Kid" Loughbaugh, alias Harry Alonzo. Lillian Rose is the name given by the woman. Both prisoners were examined at some length, but little was learned from either.

## STANDARD OIL VICTORY.

Wins Suit to Oust It From Nebraska Under Anti-Trust Laws.

Lincoln, Neb., Nov. 7.—The Standard Oil company scored a victory in Nebraska when the referees appointed by the supreme court to take testimony submitted their findings to the court declaring in favor of the company and against the state in the suit to oust it under the anti-trust laws. The suit was originally brought by Former Attorney General Smyth and has been pending nearly three years. The referees declare the allegations in the state petition are not sustained by the evidence. The court at an early date will pass upon the report and if the usual custom is followed it will be accepted.

## TO HAVE A REHEARING.

Oberlin M. Carter Will Appear Before a Civil Tribunal.

Chicago, Nov. 7.—Oberlin M. Carter, now a convict in the government prison at Fort Leavenworth, Kan., and formerly a captain in the United States engineer corps, is to have a rehearing of his case in a civil tribunal. He now has the assurance of the government authorities that all the evidence is to be reviewed again before Judge Kohlsaat of the circuit court in this city, the hearing to take place in a few months. Carter will be called on as a witness in his own behalf and for the purpose of testifying in court he will be released temporarily from his place of confinement.

## Crane's Plurality Over 70,000.

Boston, Nov. 7.—Revised and corrected returns from the entire state of Massachusetts show that Governor Crane has a plurality of 70,116 votes. Revised returns for the legislature show that the political complexion will be as follows: Senate, 33 Republicans, 7 Democrats; house of representatives, 165 Republicans, 73 Democrats, 2 Social Democrats. This is a gain of 2 Republican senators and a loss of 15 Republican representatives.

## Original "Buffalo Jones" Dead.

Salina, Kan., Nov. 7.—H. L. Jones died here, aged 71. Mr. Jones was one of the earliest settlers of Kansas and fought in the battles with border ruffians and Indians. He was the original "Buffalo Jones." He obtained this title while serving this county in one of the early legislatures. He was said at that time to represent more territory, fewer people and more buffaloes than any other member.
